INSPECTIONS AND PRODUCTION OF CELL PHONE DATA**

This matter having come before this Court on Defendant's Motion to Compel discovery and Magistrate Green having issued an order compelling production pursuant to a protocol and protective order, the parties stipulate, that the cellular devices and related cloud storage of Plaintiff Lori Lynn Heethuis and her husband Damon Heethuis shall be produced for inspection and the contents of the devices and cloud storage searched and produced pursuant to the terms of this Order.

**IT IS HEREBY ORDERED THAT:**

1. N1 Discovery, through Cary Wilson ("Mr. Wilson"), will conduct the inspection on both Plaintiff's and Damon Heethuis' cell phones and related cloud accounts.
2. On a mutually agreed upon date, place and time, Mr. Wilson and N1 Discovery, only, will have access to the entire contents of both Plaintiff and Damon Heethuis cell phones and cloud storage accounts at which time both phones and cloud storage will be forensically imaged. Plaintiff and Damon Heethuis will provide Mr. Wilson with credentials to access cloud storage where any other phone data may be stored and provide assistance in the event that there is multi-factor authentication enabled on any account. Plaintiff and Damon Heethuis will also

provide Mr. Wilson with any other computer or external storage device that may have been used to create local backups of the cell phones.

3. Mr. Wilson will identify the contents of the phones with the corresponding phone numbers. Plaintiff's cell phone number is 231-457-3669. Damon Heethuis' cell phone number is 231-457-3661.

4. Mr. Wilson will then search the forensically imaged data from the cell phones, as well as any other forensically imaged device or account, for the particular information agreed upon and outlined in **Exhibit A**, an itemized list of search parameters.

5. Mr. Wilson will then provide the extracted information, whose parameters are outlined in Exhibit A, to Plaintiff's counsel, for his review. Mr. Wilson will place an identification number on all documents, audio, and/or video given to Plaintiff's counsel for review. At the same time, Mr. Wilson will provide counsel for Defendants with a list of the quantity, and type of data (i.e., video, audio, email, text messages) provided to Plaintiff's Counsel for review.

6. Upon Plaintiff's counsel's review, he is required to create a log related to any documents to be withheld for privilege. The log shall indicate the identification number as well as the reason for withholding. Plaintiff's counsel will complete this review within two weeks of receipt of the data from Mr. Wilson. Upon completion of Plaintiff's counsel's review, the relevant content and a copy of the

privilege log will be produced to Defendants by Plaintiff's counsel, or unless other arrangements are agreed upon by all parties.

7. All content and information obtained by Mr. Wilson/N1 Discovery shall be destroyed within 30 days after dismissal or entry of final judgement not subject to further appeal.

8. Mr. Wilson/N1 Discovery is prohibited from disclosing any content or information not agreed upon in this Order. Violation of this Order may result in penalties for contempt of court.

9. All content and information obtained through the cell phone inspections are subject to the Protective Order filed in this case. [ECF 25].
